INTRO. We would like you to be in a voluntary study about how refugees adapt to life in the U.S. It is funded by the Office of Refugee Resettlement and being conducted by two research organizations, the Urban Institute and SSRS.

We would like to ask some questions about your education and work and any help you are getting from the government. It takes up to 30 minutes, but it's sometimes shorter and we will send you a \$25 gift card to thank you for participating.

Before we start we just need to tell you a few things. You don't have to answer any questions you don't want to answer and you can stop the interview at any time. The answers you give will be confidential and will not have your name on them. Federal law keeps your answers private. You will continue to receive social services and benefits regardless of your decision to participate in the study.

Your responses will be combined with others and used in a report to the U.S. Congress. The data without your name will be stored for future research.

Finally, there is little risk associated with your participation because of the care we are taking to keep your name and your answers safe. There are no direct benefits to you, but you will be helping the Office of Refugee Resettlement understand what refugees like you are going through.

Do you have any questions about the study or the interview?
